

REGULATION AND SPECIFICATIONS FOR THE 2019 EXTREME SUPERCARS NATIONAL CHALLENGE CHAMPIONSHIP (161712)

Introduction:

Extreme Supercars is a category of circuit car racing conceived and promoted by Zwartkops. The aim is to provide a high end racing series for GT cars incorporating high performance saloon cars (mainly ex production cars) which is the main attraction for the spectators at the Extreme Festivals. At present the overall championship is based on Time-Based classes but the longer term objective is to have a balance between Time-Based classes and Power-to-Weight homologated classes competing for the overall championship.

1) Objective

- 1.1 To provide racing that is rewarding for the competitor and sponsor, and exciting for the spectator.
- 1.2 To showcase modern cars and recognizable brands.
- 1.3 To each year declare a class winner for each class, an overall winner and an overall GT3 winner

2) Eligibility of Competitor

2.1 Extreme Supercars is an invitation series where the Extreme Supercar committee (the committee) reserves the right to accept or decline any entry. All Competitors must hold a current regional circuit racing MSA license. All competitors/participants in the series have to be Extreme Supercar club members

3) Eligibility of Vehicle

3.1 Extreme Supercars is an invitation series where the Extreme Supercar committee reserves the right to accept or decline any entry. Vehicles will be considered based on the following criteria:

- 3.1.1 The vehicle must be based on a production model (no spaceframe racing specials);
- 3.1.2 The vehicle must be a GT car or high performance saloon car;
- 3.1.3 Production saloon cars (PC) must still have been in production post 1 January 1999 unless recognized by the committee as an iconic car, all GT cars must still have been in production post 1 January 1992 unless recognized by the committee as an iconic car;
- 3.1.4 Saloon cars must have a minimum weight of over 1100kgs (including driver), lightweight GT cars must have a minimum weight of 900kgs (including driver).
- 3.1.5 The following cars are specifically not eligible for Extreme Supercars: Front wheel drive hatchbacks.
- 3.2 All vehicles must meet MSA circuit racing safety requirements. (i.e. Roll cage, fire extinguisher, etc)

3.3 The Table below summarizes the eligibility criteria:

GT cars	Production cars
No space frames unless original chassis. Roof, floor plan & chassis must be of original material	No space frames. Roof, floor plan & chassis must be of original material
Must have working Headlights and taillights.	Must have working Headlights and taillights.
2 door and must be functional doors (KTM xbow exception)	2 and 4 doors and front doors must be functional
In production post 1 January 1992. Plus Porsche 911, 944 & Porsche 928 and pre 1992 Ferrari's.	In production post 1 January 1999 unless recognized by the committee as an iconic car.
Cars specifically not eligible: Porsche 924.	Cars specifically not eligible: VW Golf mk1 and mk2; Toyota Tazz.

GT Eligibility list:	PC Eligibility list:
Porsche 964, GT2, GT3, Boxster & Cayman, 997 T	
Ferrari 355, 360 & 430	E36, E46, E90 BMW
KTM x bow	Audi A4
Dodge viper	Subaru
Lotus Exige	Nissan 350z
Corvette c5 & c6	Lexus 250is
GT Bodied: Merc 55,63 AMG	
GT Bodied: BMW e46&e92 M3, F30 , Mcoupe	
GT Bodied: Subaru WRX , Alfa GT	
944, 928, 930, 964, 911 Porsches	
Nissan GTR 32, 33, 34, 35	
Noble	
Bailey Ford GT	
GT Bodied: Nissan 350z	

4) Classes

4.1 The committee will decide in which class/classes a competitor will compete

4.2 The committee shall have the right to change a competitor's class in their sole discretion at any time

4.3 Class allocation will be done according to the guidelines set out below:

4.4 Time based classes:

4.4.1 There are six classes as follows:

Class	Zwartkops	Killarney	Kyalami
Class A+:	1m01.0s	1m11.0s	1m46.0s
Class GT3:	61.0s; BOP	71.0s; BOP	106.0s; BOP
Class A:	1m02.5 - 1m04.0	1m13.0	1m49.5
Class B:	1m04.0 - 1m06.0	1m15.0	1m52.0
Class C:	1m06.0 - 1m08.0	1m17.5	1m56.0
Class D:	1m08.0 - 1m11.0	1m20.0	2m00.0

4.4.2 A new competitor will be allocated to a time based class after race 1. This will be based on his/her best lap time in qualifying and race 1.

4.4.3 Only lap times achieved at Zwartkops, Cape Town and Kyalami will be taken into account for class determination. At the other circuits class times will be posted on the official notice board.

What happens on breakout?

4.4.4 Once allocated to a class the competitor remains in that class unless he/she breaks out or applies to the committee to change class.

4.4.5 A class change to a higher class will be immediate upon breaking the lap time for the class for classes A- D. For example: if you are in class B and you record a time in qualifying, race1 or race2 faster than 1m4.5s you will automatically move up a class to class A and be scored as such for the day.

4.4.6 A Competitor may after the race meeting apply to the committee in writing, supported by good reason, to change from a higher class back to a lower class for the following event (ie from Class B to Class C). The same immediate breakout rule (4.4.5 above) will still apply.

5) Championship Scoring

5.1 Points will be scored for each race separately and for each class separately. The points awarded will vary according to the number of competitors per class, as follows:

3 competitors or more in class: 10 8 6 5 4 3 2 1

1or2 competitors in a class: 6 5

5.1.1 The overall race winner will score an additional 1 point per race.

5.2 All other competitors classified as finishers in the results published by the organisers of the meeting get 1 point.

5.3 All competitors at an event will score additional points for partaking in an event as follows: a competitors 1st event= +1 additional point; 2nd event = +2 additional points; 3rd event = +3 additional points; up to a maximum of 6 additional points per event.

5.3.1 Away points will be scored at 10 points per event for a competitors first 2 away events (i.e a maximum of 20 additional points). PE and CT counted as one area , PTA and JHB counted as one area.

5.4 To qualify to score points you have to complete a lap in any official timed session of the race meeting (practice, warm up, qualifying or a lap in either race).

Class changes

5.4.1 If a competitor changes class then based on the below table he/she will carry the specified percentage of points to the higher class. This does not affect points scored towards the overall championship.

Event Points percentage carried

At or before 4th Event 100%

5th Event 90%

6th Event 75%

7th Event 65%

8th Event or later 0%, (still count in the prev class, new points scored count in new class).

Example: A competitor usually competes in class C but exceeds the maximum lap time at the fifth event which puts them into class B. This competitor will carry 90% of his/her points into class B.

5.5 All races score points and count towards the overall championship.

6) Grids and Starts

6.1 Qualifying will determine the grid for race1. The fastest lap in race1 will determine the grid for race2.

6.2 A competitor who does not set a time in race1 may apply to start at the back of the class.

6.3 All Starts are rolling starts.

6.4 No overtaking is allowed before the start line of the race. This will be monitored using the timing system.

Contravention of this rule will result in the offending competitor receiving a 15 sec jump start penalty added to their race time.

7) Trophies

7.1 Although points will be scored on a per race basis, trophies are awarded on the combined race times of race 1 and race 2 (or race 3 in the event that there are three races on a day).

8) No Bumping Yellow Card System

8.1 Extreme Supercars is a NO BUMPING series and as such yellow cards will be given to competitors who contact other cars in any official timed session (race/Qualifying/warm up). Yellow cards will be given to competitors who are deemed, by the Extreme Supercar committee, guilty of unsporting behavior. Unsporting behavior includes contact between cars in a race. A competitor will receive one yellow card per incident and therefore may receive more than one card in any official timed session.

8.2 It is the duty of every competitor to report any contact with another competitor's car to a committee member within 30 minutes after the end of a race.

8.3 The Committee reserves the right to investigate any incident and issue yellow cards at its discretion.

8.4 If a driver is contacted in front of the rear wheel, both drivers may receive a yellow card regardless of guilt.

8.5 If a car is contacted on or behind the rear wheel, the incident will be investigated and a yellow card might not be given; the discretion of the committee will be used.

8.6 If a competitor receives a yellow card he or she will be penalised as follows:

1st yellow card: less 1 championship point

2nd yellow card: less an additional 2 championship points

3rd yellow card: less an additional 4 championship points

4th yellow card: less an additional 8 points championship points + possible suspension for the remainder of the championship

8.7 The committee decision is final.

9) Number of starters:

9.1 If there are less than 20 starters the committee may decide to combine the Extreme Supercar race with another category to increase the spectator appeal on the day.

10) Tyres

10.1 For each event a competitor must use the same set of tyres in qualifying and the races. In the event of a puncture or major tyre destruction a competitor may apply in writing to the committee to replace 2 tyres.

10) Additions and Amendments:

10.1 Any provision unforeseen in drawing up these regulations and specifications, or any additions or amendments to be made thereto, shall be the subject of a circular to these rules, issued by the Extreme Supercar Committee.

11) Addendum

Extreme Supercars Break-out adjustments for class A+ and GT3

11.1 The committee reserves the right to implement performance balancing for cars that break the cut-off time set out in table 4.4.1 above. Set-out below is the agreed Break-out adjustments:

When a GT3 competitor breaks a 1m01.0s for the first time then the car needs to comply to either restrictors or min weight at the next event. When a GT3 competitor breaks 1m01.0s for a second time then the car needs to comply to both power and weight limits from the next event. See below table:

FIA hom	Make	Model	kg exD	mm	Pboost limit
GT3-032	Aston Martin	Vantage	1260	41.5	
GT3-017	Audi	LMS Ultra	1260	54	
GT3-038	Audi	R8 LMS	1210	38	
GT3-035	Bentley	Continental	1270	38	
GT3-023	BMW	Z4	1210	80.6	
GT3-043	BMW	M6	1290	-	1.95@5500
GT3-009	Ferrari	F430	1200	51.4	
GT3-029	Ferrari	F458	1250	43	
GT3-044	Ferrari	F488	1245	-	1.60@6000
GT3-016	Ford	GT	1210	43	
G3-003	Lamborghini	R-Ex	1210	49	
GT3-024	Lamborghini	LP560-4	1210	49	
GT3-040	Lamborghini	Huracan	1225	38	
GT3-004	Lamborghini	LP520	1170	53	
GT3-037	Mclaren	650s	1220	36	1.76@5500
GT3-042	Mercedes	ANG	1290	36	
GT3-030	Nissan	GTR	1270	40	1.94@5500
GT3-025	Porsche	911 GT3-R	1190	72	
GT3-041	Porsche	991	1210	40	
Trofeo	Lamborghini	Huracan	1240	41	

Class A+ break-out penalties:

If a competitor breaks-out in race 1/2 the following grid place penalty for race 2/3 will apply:

Break-out	Grid penalty
-----------	--------------

Best lap below 1m01.0s	+3
Below 1m01.0s and wins by more than 10sec	+2
Maximum grid penalty	+5
