Q7 What do you believe needs to happen/be done for motorsport to have a sustainable future in South Africa?

MSA needs to maintain their ability to be an effective and functioning governing body. We need to find new ways of "selling" our products and brands and to stay relevant within the changing socio-economic climate and public interests and demands for entertainment. We need to find new funding models within this framework and increase efforts towards sport development and transformation, as well as exposing motorsport to a wider spectrum of our population.

MSA DIRECTOR NOMINEE INFORMATION SHEET

Q8 If you could change two things about local motorsport, what would these be?

Increase the profile of Motorsport in general through more consolidated marketing and publicity across all facets. Increase efforts to create more opportunities for talented youngsters to compete at the top level, including international events.

Q9 If elected, what role do you see yourself playing on the MSA board and what value do you see yourself adding to the MSA board?

I would like to assist the Board in growing the sport at Regional Level again and to champion some of the smaller / troubled facets like Rallying and Off-Road Motorcycles and Quads. I can also add value to the board as a successful business owner for 18 years, to assist in applying sound business principles.
