## MSA NATIONAL GTC CIRCULAR 8 OF 2017

The following amendments to the 2017 National GTC SSR's are made with immediate effect.

### A. 2017 GTC SSR's - SPORTING REGULATIONS (GTC and GTC 2)

#### 2. DEFINITIONS

2.1 CONTROLLERS: Shall mean V8 Touring Cars Pty Limited

2.1.1 TECHNICAL CONTROLLERS: Shall mean the Technical Consultants (GCR 167) appointed by the Controllers to monitor conformance to the regulations.

To avoid the necessity to alter numerous clauses in the SSR's as relates to the National Global Touring Car Championship the common meaning of Controller or Technical Controller shall be applied.

17.2 Races (not events) shall, in general, not be less than 40 kilometres in length other than when, the Controllers, due to tyre degradation and safety concerns deem it fit (in consultation with the CoC) to reduce the length of the individual session or race. A Competitor is required to maintain his grid position until such time as he has passed the Start Line failing which, he will be deemed to have jumped the start and shall have a 30 second penalty added to his race time unless, in the view of the Judge of Fact, the driver in the grid position ahead of him / her reduced their speed before crossing the start line.

18. In addition to SSR45, The COC has the right to order the intervention of the Safety Car at any time.

21.16 The Technical Controllers shall have the right, at all times, to institute checks to ensure conformance with Article 21 including but not limited to, checking tyres for marking etc at the start of any practice session, qualifying or race or at the end of or during any of these sessions.

25.7.4 Blocking: any competitor found to have deliberately blocked another competitor shall be subject to the same penalties as prescribed in articles 25.7.1, 25.7.2 or 25.7.3
