MSA NATIONAL KARTING CIRCULAR 11 OF 2020

In order to promote fairness of competition within all the regions of the South African Rotax Max Challenge Championship the following amendment is made to the **South African Rotax MAX Challenge Sporting Regulation 2020 VERSION 3 – 13 AUGUST 2020** with immediate effect.

To clarify, Articles 14. a) to g) in Version 3 of the regulations are **replaced** with the following:

14. EVENTS COUNTING TOWARDS THE SARMC

The SARMC series points are calculated by adding your Regional points to your National points with the following formula.

Regional Points:

- a) A driver must nominate the region in which he/she wishes to score points regionally – normally the region in which he/she lives. Nomination must be made after the first scoring event.
- b) Each region designates two rounds of their regional championship as SARMC scoring events.
- c) The first heat is seen as a qualifying heat and the second and third heats are scored as finals
- d) Drivers may score points in 4 regional finals.
- e) The sum of points obtained in the best 2 (two) of these 4 (four) regional final heats will be divided by 2 (two). This will be added to their total series score.
- f) At regional events with less than 6 (six) starters the points are to be scored as follows: from 2nd place if only five starters, 3rd place if four starters and so on.

NOTE: The revised point scoring will be published by 9 October 2020 on the MSA website (www.motorsport.co.za) and www.kart.co.za

DICK SHUTTLE - KARTING COMMISSION PRESIDENT
