MSA NATIONAL VW FALKEN POLO CUP CIRCULAR 8 OF 2019

The following amendments to the National VW Polo Cup Technical Regulations are made with immediate effect:

27. Tyres - Dry Weather

Two (2) additional tyres will be allowed for Round 8, which may only be used during the official practice sessions on Thursday and Friday. The normal procedure for qualifying and the races will apply – two (2) new and 2 previously marked tyres. The additional tyres will be drawn from competitors “practice allocation”.

Special Note

Please ensure that ALL plugs which should be connected in the engine bay of your cars are connected as supplied. Any cars found with plugs disconnected will be deemed to have transgressed the regulations.

GENERAL

1. There will be additional practice times on Thursday afternoon between 15h00 and 17h00. We will advise details once the program becomes final. We encourage competitors to use this time instead of incurring additional costs renting the circuit.
2. Fuel collection will probably be in Johannesburg on Thursday morning. We will notify you of the location and time but plan for the morning not the afternoon.
