

Charne Bosman -Testamonial - Future Life - Comrades 2016

Thank you Future Life for the BEST Breakfast Cereal. I just love your product. My favourite is still the Smart food before training and racing. On Comrades day I had a big bowl of Future life. I trust this product. I know I don't have to worry what I need to eat before any race. It makes a huge difference when you know you do have a great product that will help you in a big race like Comrades. The High Protein is the perfect snack for me after training and also if I need something before going to bed at night and still feeling hungry. I just trust your product.

At the moment I am doing a lot of media related stuff. I don't go anywhere without 1-2 high protein bars during my day. The Best Bars on the market!!

Thank you again for a great Product. Future Life was but of my Winning formular for Comrades 2016.

Thank You

Charne Bosman
