2019 DADS Charity Ride to Durban

(finishing off with the Tsogo Sun Amashova Durban Classic Race)

Since its modest beginnings in 2005, **The Dads' Charity Challenge** has significantly changed the lives of hundreds of children through the years and along the route and has made some meaningful contributions to the various charities supported over the years.

With the aim of raising a minimum of R400 000 each year –these funds raised will be divided primarily between our chosen charities, this year namely:

The Gauteng Down Syndrome Association (DSAG)
Fulton School for the Deaf
Kidney Beanz Trust
Kids Haven
CHOC Childhood Cancer Foundation

Besides the main beneficiaries, the Charity has also been involved in a number of other initiatives :

- Building a new kitchen facility for The Maloney's Eye Rural Primary School;
- Assisting with the school fees for a number of disadvantaged children at Rivonia Primary, St Peters College and Montrose Primary, to name a few;
- The Charity is currently also actively involved in providing disadvantaged cyclists with cycling gear and kit as well as some bicycles sponsored by various DADS members – all through an affiliated non-profit channel, INSPIRE and the Legadima Cycling (a Zandspruit cycling development initiative).

Tour Details

Come ride down to Durban with The Dads' Charity Challenge team whilst raising awareness for DADS as well as funds for the beneficiaries of the charity.

What you need:

1. **Ambition** to be awesome and do something incredible.
2. **Willing to fund raise** for the beneficiary charities we support as part of your community comradery. We ask for a **R5 000.00 minimum contribution** as a token of your goodwill to supporting our communities in need. These funds go a long way to help supplement the charities day to day expenses.
3. **Sense of humour** both on and off the bike. The riding is beautiful but can be a long day out, a sense of humour will get us through it as well as the festive evening celebrations.
4. **Ability to ride** 130km's per day for the 5 days at a medium pace.
(25km/h-27km/h average)
5. **A bicycle in good working condition.**
