## BigTech censorship of the truth on covid-19 has reached an unprecedented level

31/05/2021

---

### Dear Alpha and Omega Mission Subscribers,

This is a note to confirm that Facebook, LinkedIn, Twitter, Instagram, YouTube and Google are censoring on an unprecedented scale when it comes to the covid-19 vaccine – and in other areas too. What is concerning is that in addition to God's voice (through his messenger for this End Times) being blocked, the voices of world-renowned professors and doctors in the field of virology, who are warning against the long-term side effects of these rushed vaccines, are also being censored on much of this "BigTech" media.

All the heavenly posts and award-winning medical professors' insights, included in our last update on "[Why we must not take the covid-19 vaccine](#)" on 21/05/2021<sup>1</sup>, were removed from the Alpha and Omega Mission Facebook page as well as my personal Facebook and LinkedIn pages. Facebook, for example, starts with auto removal of the post and "private" warnings, stating non-compliance with their "community standards", then if you persist, disables access for periods of time, and finally a complete banning. In 2019, prior to covid-19, we also once experienced the removal of all Facebook posts that were linked to our website – after much complaint, our page was re-instated, but since then our advertising reach for potential subscribers has not been as it was before (i.e., the page was downgraded without informing us). More recently, I have noticed that LinkedIn, which markets itself as a platform for professionals to share views, removes posts it disagrees with and states that they don't comply to their "professional standards". This makes me wonder, what exactly is their professional standard? Does the platform provider decide or the professionals? Also, when I try to post the fact that articles are being censored, these posts are removed too.

It is disconcerting to see the many videos posted from a number of world-renowned scientists (who have been issuing serious warnings about the vaccines and proposing alternative treatments that work), have simply been removed from YouTube and their voices have been muted or downgraded on Google, Facebook, LinkedIn, Twitter etc. Furthermore, if one conducts Google searches on the covid-19 vaccines (such as "vaccine deaths") and compares these statistics with alternative search engines such as DuckDuckGo, the results are shockingly different. Understandably, the Artificial

<sup>1</sup> A couple of days later on 23/05/2021, God the Father clarified and confirmed to Fernanda that the above quoted press release can be circulated: "Oh, my people, they are so concerned about how to handle this situation with the vaccine. My little lamb, as I have explained to you before all about this, as I have said to you, so has my Son Jesus Christ, they must be aware of the later stage side effects. My children, my people have their own free will. As I have told you before, I don't want you to take it. They were using some kind of foetus for experimenting, but there is more – some other kind of other substance in it that is against my will. My son Charles and my son Paul have given a summary that you can pass on to my people, but they have their own free will – they must pray to the Holy Spirit for clarity."

Intelligence (AI) algorithms behind it all are different, so results will differ, but the differences are beyond that – Google is clearly only painting one side of the story.

This modern day BigTech censorship and blocking of the voices of truth is a form of indoctrination and a recipe for disaster – as history has shown in other contexts. It is clear there is a more sinister strategy in place to be in control of more than what meets the eye – the Holy Trinity has been warning us of this. To understand the truth on this subject, please spend some time on [www.alpha-omega.org.za](http://www.alpha-omega.org.za) and use alternative web search engines in your search of the truth.

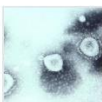

God bless,

GOD THE FATHER AND WORLD RENOWNED PROFESSORS AND RESEARCHERS IN THE FIELD OF VIROLOGY ARE SAYING THAT WE MUST NOT TAKE ANY COVID VACCINES! SO WHY ALL THE IGNORANCE?

The Holy Trinity has instructed us through Jesus' chosen messenger for his Second Coming, Fernanda de Sequeira, to not take the vaccine for this virus as it is built on a cocktail sins and the chemicals therein are harmful to us. God the Father has also told us that this is a manmade virus. (Search the word "vaccine" or "covid" on [www.alpha-omega.org.za](http://www.alpha-omega.org.za) for more info)

In response to this truth from the highest of heaven, I have found that more and more eminent researchers in the field of virology share the same view – no doubt inspired by the Holy Spirit. The interesting thing is that Facebook does not allow some of these researchers' article or video links to be published or promoted on its media pages (As I discovered on our Alpha and Omega Mission Facebook page. I was also auto blocked from responding to pro vaccine pundits when I tried to share some web links from true researchers that disproved their theories).

So, to assist, below are some names of people that interested parties can do their own research on. When doing the research, don't use Google as it also has a censoring mechanism and will not display the relevant articles – only the propagandised ones. To get a proper view of the truth, use other internet search engines such as DuckDuckGo. Furthermore, many of these true and highly qualified researchers have also been blocked on YouTube (especially those that wrote directly to governments to try and stop this vaccine madness), so their videos will probably not be found by Google either. You will need to look on alternative video platforms such as Rumble. And no, this is not conspiracy theory – and these researchers haven't lost their marbles as some try to suggest!

For example:

Prof Sucharit Bhakdi who says that these vaccines are very dangerous as they alter your genetic makeup and we must not take them. He proves scientifically why.

Prof Luc Montagnier (2008 Nobel Prize winning virologist who discovered the HIV virus) who says that this virus is manmade and is also anti vaccines. He proves scientifically why.

Prof Dolores Cahill says the long term results of these vaccines are chilling. He proves scientifically why.

Dr Geert Vanden Bossche (PhD), world renowned vaccine specialist and eminent researcher says no to these vaccines and proves scientifically why.

Dr Li-Meng Yan (PhD), an eminent researcher (who is in hiding from the Chinese government) with many academic papers says covid a manmade virus, and proves scientifically why.

And the list goes on! For example, have a look at this letter from esteemed university professors and doctors to the European Medicines Agency...

<https://doctors4covidethics.medium.com/press-release-urgent-open-letter-to-ema-from-doctors-scientists-regarding-vaccine-safety-a903853bd4c7> (I wonder if this article will be blocked in time too)

### The original message 2 of 2

I find it amazing how many "vaccine" specialists have suddenly popped up around the world, who all of a sudden know more than Nobel Prize winning virologists! Makes you think, doesn't it?

This is just the tip of the iceberg. I am shocked at the level of censorship that we are experiencing in the so called free media. This is modern propaganda that many are not seeing. There's clearly a bigger game plan here - corroboration at the highest levels of government and the "powers that be" who control much of the modern media today that very few are seeing! And many have fallen for his trap as a result of government and media censoring! Yes, these Satanic cult "powers that be" who operate under false pretenses of doing good are trying to control the world - the keywords here are \_\_\_\_\_<sup>2</sup>, but of course they will deny this. This vaccine is a great excuse to get the mark of the beast implanted on everyone, so that we will be unable to shop, travel etc., without it.

This world needs a lot of prayers. Come Holy Spirit come, open the eyes of your children before it is too late!

This evil plot is of course in motion. Buying travel tickets is becoming a problem unless one has this 666 "passport" - yes, it's that tiny little chip that they're trying to pop in us under all sorts of false pretences, and yes, the dodgy so called vaccine preventative measures around this manmade virus is part of the latest strategy to try and see it through...

Of course, prayers can crush it!

#### Why we must not take the Covid-19 vaccines

Many people are asking whether or not to take the covid-19 vaccine. God the Father has confirmed through his humble servant Fernanda de Sequeira that the virus that causes covid-19 is manmade, so too have some of the world's most esteemed virologists. God says that we must not take the covid-19 vaccine because it is made from a mix of sins and contains chemicals that are harmful to us. Some of the world's most eminent vaccine specialists issued similar warnings, yet their reports and videos have been disallowed on media platforms such as Facebook and YouTube, plus they have also experienced a level of Google censorship. Furthermore, God tells us that this vaccine programme is part of a greater plan to insert a chip in us, the prophesied triple-six sign of the beast in the Book of Revelation. This article summarises the essence of the warnings and aims to bring to light what has been hidden in the dark. I urge all to read it and ask the Holy Spirit for guidance...
