

Behold, he cometh with the clouds,  
and every eye shall see him, and they  
also that pierced him. And all the tribes of  
the earth shall bewail themselves because of him.  
Even so. Amen.  
I am Alpha and Omega, the beginning and the end,  
saith the Lord God, who is, and who was,  
and who is to come, the Almighty.

Revelation 1:7–8

### Jesus Christ

My child, thank you for sitting with me, your Jesus.

I thank you, my child, for your love, for defending me, your Jesus, in your heart. My child, tonight, I saw your pain because of me, your Jesus. I saw, heard everything that happened. My child, you gave the right answer to my children. Do not worry. They are ignorant children. They could have studied much more than you, but my child, your knowledge and love for me is far beyond their thinking or wisdom. I saw you defending me. My child, thank you. You were very hurt about this whole thing. You answered them well. They cannot go further than my mysteries. My wisdom, my knowledge belongs to my Kingdom. We teach my children. I left my teachings, *ensinamentos*<sup>1</sup>, for my people. They must read my Bible, my living Word, then they will understand. Thank you, my child, for telling them about the fire of love in your heart for me. You had tears in your eyes. Do not worry, you will encounter a lot of these conversations – ignorance. Sometimes when they study too much it confuses them, but simple, honest, sincere children have far more wisdom about me. I know the fire of your love for me is far deeper than their studies.

[Fernanda] *Thank you, my Jesus. Do you think, my Jesus, that I should have come home early to avoid this kind of conversation?*

No, my child. You did right to stay longer and to bring up this topic about me. It was needed. My child, conversations about me, about my teachings and love are never a waste of time. They are appreciated by me. My little one, this is a bit of what you going to find on your mission. It pleases me very much to bring up the subject.

[Fernanda] *Thank you, my Lord. My Jesus, about your daughter \_\_\_\_\_, she was asking why some can't have children and some teenagers who are drug addicts or other kinds [of addict] have babies that suffer. My Jesus was present with us and heard everything: that it's the way of life, we do what we think is right and other churches do what they think. I know she was not right. We know that our religion is right.*

My child, what my child was saying... my living Word never goes back. My teachings are the same about the Breath of Life, which I also give to those poor young mothers, drug addicts dumping their babies. You were very hurt because you knew she was wrong, judging me, your Jesus. Your

defensive heart touched me very much as you answered her, [saying] we can never judge or ask those questions. You were right. My Kingdom is a mystery that belongs to me. Yes, I will answer next time. You will know what to say in those critical times. Yes, I give my Breath of Life. I created them. As soon as my children conceive, [including] the ignorant ones, I give my Breath of Life. I let my children have the right to live as my creation. I cannot stop when they conceive. I have to give my Breath of Life and create them in my own image, my own flesh and blood. But if some are *estéril*<sup>2</sup> and their organs are not perfect and there are some imperfections in the organs which stop them from conceiving a soul, my child, there is a purpose, my purpose for this. Only me, their God, my Father, the Holy Spirit [know why], and my Mother is allowed to know my mystery.

My child, I know you understand my mystery far more than some of my children. I give you wisdom, the knowledge, the gifts of the Holy Spirit within you, so your understanding about me, my Catholicism, is far more advanced than if you went to university. At university you have books to learn from, but you will never reach my richness of heaven, my teachings to my Church, my knowledge. The gifts of the Holy Spirit are far more advanced than any technology. My child, do not worry, I will give you the gifts of the Holy Spirit. You have all of them, but I will infill you more and more, then you will have all the answers to my children's questions. I will grant you your wishes, the desires of your heart. Thank you, my little one for your love to me. Oh my Petal, when you're on your mission, you will have attacks of this kind.

My child, my dear Mother, she is here to converse with you.

### **Mother Mary**

Thank you, my daughter, for sitting with my Son Jesus and me, your Mother Mary.

Oh my child, I was present in the dialogue between you and my children. I knew you wanted some more Holy Spirit in you to help you with the question. You knew the answers, but you didn't know how to reply to them. You felt like you were trapped. Your mind went blank and you couldn't place the answers together. My child, with the gift upon your \_\_\_\_\_, which my Son will place upon you, all the knowledge will be given to you. My child, I know how much you love my lambs who are ignorant. I know most of them are arrogant, too proud to listen to a simple [person] without much schooling to lead them. Their arrogance is far bigger than their knowledge, especially the ones with degrees. My child, you do know more than a degree taken at university. Thank you for being obedient to my Son and the Holy Trinity. My child, your love for my Son is so admirable to us. Do not worry when people try to run you down because of my Son's holy name.

Oh, you are getting tired.

I was very happy when you explained to my sheep, my people, about my Son's love for his children. My daughter, never feel you should have to keep quiet – no, my child, when it's about my Son's holy name, it pleases me very much.

Oh my Andorinha<sup>3</sup>, you're getting tired. I will let you rest earlier tonight because you had a long day.

I bless you your loved ones, family, friends and the whole world. Thank you for responding to my call.

My daughter, this is your Jesus saying thank you for your sacrifice to be with me and my Mother. My child, I see you are tired. Go and rest in my arms. I give my peace, my peace I give you, your loved ones, friends, enemies and all my children. Rest in my loving arms, your Jesus' love and peace. My Andorinha, rest in my arms, my loving arms.

[Fernanda] *Thank you, my Jesus. I love you. I praise you, my King, my love. I love you. I want you in my life. Sua bênção<sup>4</sup>, my Holy Trinity, my Blessed Mother. Thank you, my Jesus. I love you. I praise you, my King.*
