MSA National Standing Supplementary Regulations

Motocross

Version 1

01 January 2022

Ref: 162646/157(e)

REVIEW AND AMENDMENTS

Amendments and updates to the rules will be recorded in the Amendment Record, detailing the updated version, date of approval of the amendment and a short summary of the amendment.

AMENDMENT RECORD

<i>Modified SSR / ART</i>	<i>Date applicable</i>	<i>Date of Publication</i>	<i>Clarifications</i>

- NOTE 1:** MSA reserves the right to change these regulations without prior notice. A one-year notice period will be observed in respect of major changes such as Championships, age groups and classes. The one-year notice period will include but not be limited to Commission decisions taken in the preceding year and may be waived by the Commission and or MSA where deemed necessary.
- NOTE 2:** Trust Levy fund per competitor will be R50.00 at all National events, and R20.00 at all Regional and Club events.
- NOTE 3:** All nominated Clubs must deal directly with the Organisers / Promoters regarding Sponsors, agreements, fees / costs. Clubs are urged to ensure that written contracts are concluded with the Organisers / Promoters.
- NOTE 4:** All Motocross clubs who host both Junior and Senior events must provide a demarcated track for 50cc motorcycles. Notwithstanding the above, all venues hosting Motocross events are required to submit detailed track diagrams, including measurements of the tracks and all obstacles to the Sporting Co-Ordinator for onward transmission to the Commission President and Regional Safety Committees who will be required to conduct safety inspections. Junior and Senior classes may not be combined. The Clerk of the Course's decision regarding compliance is final on the day. Within Regions, Regional Track Inspectors decisions will be final.
- NOTE 5:** Where the Entrant is not the competitor, an Entrants license must be obtained from MSA prior to the submission of the entry. Failing this, the entrant's name will not be published in any documentation for the event.
- NOTE 6:** All Motocross competitors need to join either an MSA affiliated Motocross or Cross Country / Enduro Motorcycle club who host official events in the **2022** year – No exception will be allowed. A list of these clubs can be obtained from MSA or on the MSA website (www.motorsport.co.za) – Refer to GCR 127 c).

NOTE 7: *Regional and Club category specific regulations may not be in conflict with National SSR's, unless approval from the Motocross Commission has been received. Where individual facet regulations are silent on an issue, and in the event of any dispute, these National SSR's will take precedence.*

SSR 221.

NUMBERS

- i) All machines must have three number plates, one on the front and one on each side at the rear where they can be clearly seen. They must be elliptical or rectangular in shape.
- ii) The minimum dimensions of the numbers for Senior Classes must be:

Minimum Height	: 90mm
Minimum Stroke Width	: 20mm
Minimum Spacing	: 4mm
- iii) The minimum dimensions of the numbers for Junior Classes must be:

MX 50cc - minimum of 75mm high, 15mm stroke width and minimum spacing of 4mm
MX 65cc - minimum of 90mm high, 20mm stroke width and minimum spacing of 4mm
MX 85cc - minimum of 90mm high, 25mm stroke width and minimum spacing of 4mm
- iv) All number plates fitted to the machine must be of a rigid material and must be solidly constructed.
- v) Any other number plate or marking on the motorcycle that might be confused with the number must be removed before the competitor is allowed to start.
- vi) Numbers 1 to 10 will be allocated for all classes as per the **2021** MSA Championship results.
- vii) Numbers 01 to 010 will be allocated to the MX 85cc Class as per the **2021** MSA Championship results. *Only permitted for the 2022 season, thereafter ceding with the MX 85cc class will occur.*

222.

COLOUR OF NUMBERS

- i) Red backing for front number board only, are strictly reserved for point's leaders in each respective class going into each round.
- ii) White numbers on a black backing for the MX 1 class.
- iii) White numbers on a blue backing for the MX Ladies class.
- iv) Black numbers on a white backing for all other classes.

223.

OTHER NUMBERS TO BE DISPLAYED BY COMPETITORS

- i) All competitors may display their Sponsor's logo on the side number boards or anywhere else on the machine. Front number board logo may be displayed in a manner so as not to obscure the number in any way and must be completely white background except for provisions in SSR 222.
- ii) Competitors must display the correct numbers in a contrasting colour on the backs of their jerseys or chest protector.
- iii) The size of these numbers shall be:

	<u>Minimum</u>
Height:	104mm
Width:	75mm
Stroke:	25mm

224.

ALLOCATION OF NUMBERS

- i) Numbers are only allocated by MSA Head Office once competitors have purchased the licence valid for the year. **It is the responsibility of the competitor to obtain a competition number from MSA, prior to printing any number stickers for the season.**
- ii) All class numbers will start from 1 upwards.
- iii) Numbers will be allocated to the top 10 who have scored points in the South African Championships, and the number allocated will depend on the number of points scored in the Championship. Where two or more competitors scored the same number of points, the best individual results will be taken into account – Refer to Art 7.
- iv) Once numbers have been allocated to competitors who fall into the already mentioned categories, numbers will then be issued to the remainder on a first come, first served basis.
- v) Any competitor changing from one class to another must ensure that he / she has a number that is correctly allocated in the new class.
- vi) Only numbers allocated by MSA will be permitted. In any dispute, the number allocated by MSA will be deemed to be the correct number.
- vii) Competitors with numbers not issued by MSA will not be permitted to start.

225.

- iv) Failure to comply with all these requirements will entail exclusion or a lesser penalty at the discretion of the Stewards.

226.

SCRUTINEERING

The following must be produced for approval at scrutineering and / or documentation:

- i) **Self-Scrutineering & vehicle safety declaration shall apply.** Forms will be available for download and once completed, these must be returned. Engine and Chassis number has been inserted on the form. On receipt, a transponder where applicable, will be issued along with a scrutineering sticker to be placed on the motorcycle.
- ii) Other than clause (iii) below, each competitor may only qualify and race one identified motorcycle per class, from the commencement of official qualifying session.
- iii) Should a race motorcycle be extensively damaged (mechanically) and beyond immediate repair during qualifying or race 1, the Stewards of the Meeting (as per GCR 259), in consultation with the Clerk of Course and the Technical Consultant (where one is appointed), may give

permission for a spare motorcycle to be used. The damaged original race motorcycle has to be impounded, in case of any protests or strips concerning its legality, by the Clerk of the Course. The spare motorcycle's Engine and Chassis number must be recorded and signed for, by both the competitor and the Stewards of the Meeting.

- iv) All competitors will be required to have a fire extinguisher, minimum size 2.5kg, which must be available for inspection at their pits. Fire strikers may be utilized with the same equivalent capacity.
- v) Only helmets complying with the following standards as per 01.70 in the **2022** FIM Technical Motocross Regulations, are permitted.
- vi) No cameras will be permitted on helmets. No external devices (including mounting brackets or materials used to mount devices) may be mounted or fixed to the helmet (or peak) other than original helmet manufacturer accessories (such as a replacement peak, peak extension or mouth piece). No recording / data collection devices (of any type) may be mounted or fixed to the helmet or helmet accessory.

NOTE 8: No competitor will be permitted to practice at a race meeting unless he / she has been given a valid scrutineering sticker.

227. MODIFICATIONS TO MACHINES

- i) These regulations apply to MX 50cc, MX 65cc and MX 85cc classes: The MSA Motocross Commission reserves the right to grant recognition to any new make or model for Motorsport purposes and may at its sole discretion impose conditions for acceptance to ensure compliance with details and anticipated performance. The right of competition of any motorcycle is granted at the sole discretion of the MSA Motocross Commission and the competition status for such Motorcycle lies exclusively with the MSA Motocross Commission.
 - a) Classes MX 50cc, MX 65cc and MX 85cc will be bore and stroke to class capacity. To be read with SSR 242.
- ii) Senior Classes will be bore and stroke to class capacity.

228. EQUIPMENT TO BE REMOVED BEFORE SCRUTINEERING

- i) Licence
- ii) All badges other than stickers
- iii) Luggage carriers
- iv) Crash bars
- v) Headlights, stoplights and indicator lenses
- vi) Rear view mirrors and reflectors
- vii) Centre and side stands.

229. OFFICIAL PRACTICE

- i) The first lap of all practices is a sighting lap, which is to be ridden under a yellow flag. Competitors are to exercise caution and view the track and ride at slow pace. Competitors may not jump any jumps but may pass other competitors. The penalty for a breach of this rule is exclusion.
- ii) Where necessary a pace rider may be nominated.
- iii) All practice periods for National Championship events to be approximately 10-minutes' duration. Additional practice will be at the discretion of the Clerk of the Course.
- iv) No mass starts for practice will be permitted.
- v) The number of competitors to start practice at any one time will be at the discretion of the Clerk of the Course. The Clerk of the Course will also decide upon the number of competitors permitted on the track at any one time.
- vi) Organisers / Promoters must allow competitors to observe the course on foot if no sighting lap is permitted before the start of each heat.
- vii) Tracks / Venues must close by no later than 18:00 on the Sunday one (1) week prior to the event for any National and Regional events. No competitor is allowed to practice on a national track which is to be used for a National Championship event within this period, unless otherwise arranged and reflected in the SR's.
- viii) Competitors must circulate round a complete course and they may not leave the course to repeatedly attempt particular obstacles.
- ix) No machines may be ridden around the perimeter of the course. The penalty for disobeying may be exclusion from the event.
- x) If the track is altered during the running of the event, all competitors must be allowed at least one inspection lap.
- xi) Signal / Repair area and Stop / Go areas will be identified at each venue / track. This is the only area for motorcycles to stop.

- xii) Electronic riders briefing will be held via the Official notice board (Telegram App), however should an official riders briefing be requested by the Clerk of the Course, a roll call will be taken and a fine of R250.00 will be implemented to any competitor not present.
- A) Sighting Laps
- i) There will be sighting laps for all **Senior** National classes; **MX 50cc, MX 65cc and MX 85cc classes are permitted to walk the track with a pick-up marshal or mechanic during the day.**
 - ii) Sighting laps are to be considered under yellow caution, irrespective if the yellow flag is indicated or not;
 - iii) Competitors may overtake;
 - iv) Slow pace during all sighting laps;
 - v) Competitors may not jump;
 - vi) Competitors may not practice a start – pull away will be slow;
 - vii) Competitors may not stop to clear a path at any point;
 - viii) Competitors may not get off the machine to clear and / or fix any point;
 - ix) No track access will be permitted at all, to any person;
 - x) Only lunch time track walks are permitted due to the following reasons:
 - Less confusion for event personnel on which classes may and may not walk the track;
 - Less access creates a safer environment on the track;
 - Better access control;
 - Allow all riders equal opportunity to view the current state of the track prior to their race

230. STARTING POSITIONS

The supplementary regulations shall state the method of starting and the manner in which starting positions will be determined. This will be by:

- i) Official Qualifying practice time sheet;
- ii) Championship points position;
- iii) Organisers / Promoters must erect a notice board near the start area indicating the order in which competitors are to be called to the start gate. Competitors are to get into these positions in the pre-race paddock.

231. TYPES OF STARTS

- i) Mass start, or;
- ii) Start by groups.

At the discretion of the Clerk of the Course in a race with combined classes, the larger capacity class machines shall be given positions at the start ahead of the small capacity class machines.

232. STARTING GRID

- i) All starts shall take place from the starting grid, which shall consist of individual metal starting gates.
- ii) The start gate to be 40-50cm above ground level. **National Championship events shall have a gate with 40 starting positions.**
- iii) The trigger mechanism must be shielded from the competitor's view. A barrier or kerb must be provided 3 metres behind the down position of the start gate.
- iv) Each motorcycle must have one-meter width on the starting line. Starts from two lines are not permitted.
- v) In National events, the places of non-starters shall be taken by reserve competitors, in order of priority from a reserve list.
- vi) The starting straight of the course to the first corner must be long enough for safety.
- vii) The starting line must be placed so that it allows a start with equal chances for all participants.

233. THE START

- i) All starts shall be with engines running.
- ii) Competitors must line-up within one-meter behind the starting gate where it falls.
- iii) For at least 30 seconds before the start, no one other than the competitors and the necessary officials shall be in the starting area.
- iv) The signal to start shall be indicated by a 15-second board being shown. All competitors are under starter's orders once the 15-second board is shown. After 10 seconds, a 5-second board will be shown. This will indicate that the starting gate will open from 5 to 10 seconds thereafter.
- v) Any competitor unable to kick-start his / her machine must not delay the start but will be permitted to have his / her machine started with the help of officials once the race has commenced, without any penalty.

- vi) The official and published time of the start will be strictly adhered to. Any motorcycle not on the starting line at the official time of the start may be excluded.
- vii) Once a competitor has taken his / her position at the starting gate, he / she cannot change it.
- viii) No padding or digging is allowed in front of the start gate unless done by the Organiser / Promoter.
- ix) A concrete start and pad is optional.
- x) The official start time of a race will be when the start gate drops.
- xi) The entire trigger mechanism as well as the start official will be hidden from the competitors on the start line.

NOTE 9: MX 50cc - The competitor must be off the motorcycle when the engine is revved and cleared prior to the start; the assistant must be behind the 3m border. Once the competitors are under starters orders, the assistance must be behind the 3m border line.

234. FALSE / JUMP STARTS

A) FALSE STARTS

- i) False starts will only occur when the metal starting gate has malfunctioned.
- ii) Should a false start occur, the race must be stopped. This may be done at any stage of the first lap by red flags. All competitors shall then return to the starting line and form up in their previous starting positions.

B) JUMP START

- i) Any competitor who in the opinion of the Clerk of the Course gained an advantage by jumping the start gate will be penalised a minimum of a 20-second penalty for the first offence.
- ii) Second offence at the same event, competitor will be excluded.

235. THE RACE

A) WITHDRAWAL FROM RACE

Competitors who are unable to participate in a race must inform the Clerk of the Course in writing as soon as possible, stating their reasons for such withdrawal.

B) ACCIDENTS AND RETIREMENTS

- i) Every competitor will be required to sign a form declaring his / her retirement with the Race Secretary as soon as possible.
- ii) Once a motorcycle has been retired, it may not re-join the race and once a race has started, a second motorcycle may not be used in that particular heat / race.

C) GENERAL

- i) Should a competitor inadvertently leave the course, he / she must re-join at the nearest possible place of safety closest to where he / she exited, prior to the next obstacle or turn. If it is deemed by the officials that an advantage has been gained, the minimum penalty is 30 seconds.
- ii) Any competitor who retires from a race or heat shall immediately remove himself / herself and his / her motorcycle from the course.
- iii) A motorcycle is deemed to cross a control line, such as a starting line or finishing line, when the foremost part of the motorcycle crosses the line.
- iv) No competitor is to indulge in unfair or dangerous conduct during a race.
- v) A competitor about to be overtaken shall not knowingly ride so as to impede his / her fellow competitors.
- vi) Any competitor deliberately cutting across another competitor unfairly or deliberately "taking" another competitor out will be excluded.
- vii) In terms of GCR 156, the Clerk of the Course may stop any competitor whom he / she deems to be a danger to fellow competitors.
- viii) If a competitor returns to the pits or paddock during a race he / she will be deemed to have retired
- ix) A competitor may be assisted during a racing event in the event of a fall or difficulty, provided that the help does not impede any of the other competitors, in the MX 50cc **and** MX 65cc classes – Refer to SSR 248 (iii).
- x) A competitor may not change motorcycles during a heat.
- xi) Exhaust systems must comply with Environmental regulations. Current exhaust systems may not exceed 115db. In the event that a competitor's exhaust malfunctions by either falling off or as a result of damage, irrespective of the db level, the Clerk of the Course must issue the competitor with an instruction to pull off at the repair zone where the exhaust must be repaired or replaced before continuing. Should a competitor fail to do so, the penalty is exclusion. Should the damage occur on the last lap, the competitor will be penalised with a time penalty of 1-minute or with 4 places whichever is the greater, however this is only applicable on the last lap.

Should a motorcycle be tested and found to be in contravention of the noise level a penalty of 4 places will be imposed from the race in which the competitor competed. Tests will be conducted using the FIM Technical specification. The approved method of testing will be the FIM 2-meter test method. The maximum permissible db count is 115 at full rpm. A maximum of 2db deviance is permitted after competition testing.

236. REPAIRS, REPLACEMENTS, FUELLING

A competitor may repair or refuel his / her machine during a race provided he / she and his / her machine are taken by the competitor to the demarcated mechanics area.

237. FLAGS / LAST LAP SIGNAL

The following flags and last lap signals to be used:

- i) **Red Flag** – Informs all competitors that the practice or race has been Stopped and that they must proceed to the pits or start line exercising extreme caution and being prepared to Stop at any time, if necessary. The red flag may also be used exclusively by the Clerk of the Course or his / her deputy. It must be so positioned not to constitute a danger to any competitor. A minimum of 3 red flags to be available at each track.
- ii) **Black Flag** – Shown by the Clerk of the Course together with a number board indicates to the competitor whose number is shown that he / she must stop at the nominated position at the end of the lap and immediately report to the Clerk of the Course. This will apply to offences where no telemetry penalties are not imposed. (Where telemetry is used, the competitor will be shown a penalty board but is not required to stop).
- iii) **Yellow Flag** – Indicates danger, either temporary or permanent, whatever its nature. A waved yellow flag denotes a dangerous situation in the sector following the marshal post concerned. Competitors are to be instructed, either by hand or flag, to use the unobstructed portion of the track and proceed with extreme caution, while the yellow flag is being waved at the same time. When an obstruction occurs in a sector and a yellow flag is being waved, where possible the preceding post will display a stationary yellow flag to warn competitors in good time of the danger. Competitors passing any yellow flag must slow down, maintaining their position relative to other competitors and be prepared to stop if so instructed by the Clerk of the Course and must observe caution for fallen competitors and officials on the track, until the obstruction has been cleared, and the yellow flag has been withdrawn, racing may only commence after the obstruction has been passed. Obstacles such as table tops, step-downs, or any type of jump must be approached with caution and not jumped (i.e the rider needs to show extreme caution and no further than 3-meter mark (MX 50cc – 1.5-meter) on any jump or obstacles may be exceeded by the back wheel of the motorcycle under the indication of a yellow flag – see below diagram). Contraventions of these regulations governing the conduct of competitors under yellow flag conditions shall generally result in exclusion from the session or race concerned but the Clerk of the Course shall have the discretion to impose a lesser penalty should he / she believe such a course of action to be warranted in exceptional circumstances.

- iv) **White Flag** – Denotes that medical personnel are on the track attending to a fallen competitor, all other competitors to proceed with caution as under a yellow flag.
- v) **Green Flag** – (OPTIONAL) denotes “all clear” after a dangerous situation.
- vi) **Last lap signal** – May be given to competitors when one lap remains in an event. If such a signal is given it shall consist of a board (minimum 400mm X 400mm) with the figure “1” or the words “Last Lap” imposed thereon. The last lap signal is only an indication and if shown incorrectly, will not influence the official finish of the race.
- vii) **Blue Flag** – (OPTIONAL) another competitor is trying to overtake (competitor being lapped).
- viii) **Black and White Chequered Flag** – Usually waved denotes finish of heat.

238.

THE FINISH

- i) All competitors participating in the Qualification Race and / or Race will be classified in order of finish and number of laps completed; i.e. all competitors finishing on the same lap as the winner will be classified in the order they cross the finish line, followed by competitors with one less lap, then two laps and so on.
- ii) Competitors must cross the finish line within 5-minutes of the arrival of the winner, i.e. competitors have 5-minutes to complete the lap or it will not be counted in their result, **except for the MX 50cc class.**
- iii) Any competitor that does not pass the finish line within 5-minutes of the winner will be deemed to have DNF'd, **except for the MX 50cc class.**
- iv) 75% of the laps of the winner must be completed and cross the finish line to be deemed a finisher, **except for the MX 50cc class. The MX 50cc class shall score in the order of their position from the time of the finisher up to the 5 min cut-off time, but have to complete at least one full lap of the circuit.**
- v) If the chequered flag is mistakenly displayed later than the official time / distance, the finishing order shall be determined by the running order at the official time / distance.
- vi) Under any other circumstances, such as mistaken display of the chequered flag before the official time / distance, the finishing order shall be determined by the running order at the time the chequered flag is displayed.
- vii) Competitor must cross the finish line un-assisted whether it be under power or pushed over.
- viii) Laps are to be rounded down (for example, 4.8 would be rounded down to 4), especially for organising clubs that use manual lap scoring.

239.

RACE STOPPED PREMATURELY

- i) Once started, a race will not, except for reasons of force majeure or SSR 234, be prematurely stopped.
- ii) If a race is stopped before the leading competitor has completed half the race distance, it will be invalid.
- iii) If stopped at a later stage, the Stewards of the Meeting shall decide the result.
- iv) Points will be awarded which appear to the Stewards to be justified in the circumstances.
- v) Half the race distance will be calculated at 50% of the duration plus 2-minutes.

240.

THE COURSE

- A) **It is preferred that the finish line must not be placed at the foot or lip of a jump but rather in a manner that the rider can see ahead of the finish line or in a manner that will not allow change in any rider pace to affect safety negatively on the finish line.**
- i) All tracks will be inspected and approved by the track inspector / inspection committee appointed by MSA. Track diagrams need to be submitted along with copies of the track inspection report. Should any changes be made to the track after an inspection has been completed and approved, an amended track diagram needs to be forwarded to MSA for onward distribution to the MX Commission for further discussion / approval.
- ii) A motocross course shall, unless otherwise authorised by MSA, be between 1,2km and maximum 1,8km in length. The maximum length in respect of the 50cc track will be between 800m and 1,2km.
- iii) The direction of the course must be clearly indicated to the competitors.
- iv) A course will not be approved if it crosses water of too great a depth or if, in the opinion of MSA, it is excessively rocky; or if it includes a straight stretch where dangerous high speeds can be obtained. As a general rule, it should be of such a character as to restrict the average speed to approximately 50km/h at the discretion of the Track Inspector / Stewards and the MSA Motocross Commission.
- v) There will be no jump/s between the start gates and the first corner.
- vi) The start gate will be positioned so that it allows all competitors an equal chance.
- vii) The length of the straight after the start to be no less than 80 metres and may not exceed 125 metres (distance from the starting gate to be the point where the straight turns into the first bend).
- viii) The width of the first corner following the start will not be less than 15m and will be wide enough to accommodate all the competitors. The first bend after the start preferably to have 2 or 3 alternate lines.
- ix) The first bend has to have a maximum of a 90° turn, preferably a left turn where possible.
- x) All jumps are to be suitable for all the classes using them.
- xi) The venue organisers are to ensure that dust is not a hazard to competitors.
- xii) Watering may only take place between heats or at the discretion of the COC.
- xiii) Barbed wire, metal fences, wires, trees, poles or hoarding less than 3m from the edge of the track must be padded and made safe.

- xiv) The whole of the starting and finishing areas, the competitor's enclosures and all points of the course where it is necessary to ensure an unobstructed passage for the competitors or for the protection of the public, must be adequately marked and enclosed.
- xv) The outer limits of the track are to be clearly marked.
- xvi) One double jump per motocross track is permitted. This jump must be positioned in such a way that there is sufficient run up and take off to suite the distance of the double jump, the distance between the double jumps may not exceed 15-meters.
- xvii) Where whoops are incorporated into a track, they must be safe for all competitors:
 - a) within 10 metres of a corner or after a corner; be no longer than 40 metres; and no more than two whoop sections are permitted;
 - b) at least 1,5m apart (if more than 15m long);
 - c) approachable at a reasonable speed;
 - d) such as not to allow too long a run-up;
 - e) wash boards are allowed to the maximum of 50cm high and 2,5m apart;
 - f) a minimum of 20 metres must separate the last whoop from the next obstacle.
- xviii) Spectators are to be kept away from the course by means of either a fence (of not lower than 1.2 metres), tunnel, control gate or subway so that no person can cross the track during racing. Tyres may be used for soil support behind berms and sides of large jumps, but will not be permitted on the track or be positioned where deemed dangerous for competitors. The starting area to be level. The minimum width of the track to be 10 metres after the first corner for a distance of at least 100 metres and may be reduced to 8 metres for 80m then 6 metres. A minimum distance of 3-metres must be allowed between two opposing sections of the track, or where this is not possible due to the terrain or nature of the track, a physical barrier shall be erected. Organisers / Promoters will remain responsible for ensuring spectators are kept away from the track. Organisers / Promoters will ensure that only the mechanic zone is used to signal competitors and only officials at the event are allowed to go onto the track. Plastic markers will be used to demarcate the track.
- xix) Where possible, blind jumps must have two Marshals - i.e. one on top and one ± 20-metres in front of the jump.

B) The following requirements will be applicable to motocross in respect of the MX 50cc and MX 65cc classes. Junior tracks will require a taper of 12m, 8m and then 6 metres

- i) A motocross course shall, unless authorised by the MSA Motocross Commission, be between 800m and 1,2km for 50cc and for all other classes 1.8 km in length.
- ii) The length of the straight after the start must not be less than 50m and must not exceed 100m (distance from the starting gate to the point where the straight turns into the first bend).
- iii) The length of the course may be amended but may not exceed 1.8 km.
- iv) Where whoops are incorporated into a track, they must be safe for all competitors:
 - a) immediately after a corner; be no longer than 40 metres; and no more than two whoop sections are permitted;
 - b) at least 1m apart;
 - c) approachable at a reasonable speed;
 - d) such as not to allow too long a run-up;
 - e) wash boards are allowed to the maximum of 30cm high and 1,5m apart.
 - f) a minimum of 20 metres must separate the last whoop from the next obstacle

C) ADDITIONAL REQUIREMENTS APPLICABLE TO ALL NATIONAL CHAMPIONSHIP EVENTS:

- i) Inspections to ensure that the track facilities meet all requirements will be conducted. A committee comprising no less than 3 persons appointed by the Commission President / MSA will inspect the track and compile / complete a track inspection / grading report. Should the track fail to meet the minimum requirements it may be penalised by the immediate suspension of the event or by a penalty decided on by the Stewards at the event.
- ii) Hosting Tracks / Clubs not meeting the required track inspection requirements / standards in the calendar year, will not be considered for National Championship events the following year.
- iii) Hosting Clubs to ensure an assistant Clerk of Course is employed at National Championship events.
- iv) The following services / facilities to be provided by Organisers / Promoters:
 - a) A "jetting strip / track" of minimum length of 100 metres in each direction divided by a physical barrier and clearly marked.
 - b) Toilets (Male) – A minimum of four constructed toilets and a urinal large enough to accommodate 6 persons. (Constructed is defined as a brick and mortar structure with proper flushing toilets). Alternatively, portable toilets need to be available at the event.

- c) Toilets (Female) – A minimum of 6 constructed toilets to be provided. Alternatively, portable toilets need to be available at the event.
- d) 2 washbasins for females and 2 washbasins for male toilets must be provided.
