**However, in order for the Championship to be declared, the Championship must still meet the minimum criteria in terms of number of events run with the minimum number of eligible starters per event.**

- 6.3 Championship points are awarded as above, except that club licence holders do not score.
- 6.4 Competitors who are not eligible for the championship will be ignored in the number of starters as well as for the purpose of championship points. Organisers must indicate these competitors on the results.

## **7. NUMBER OF EVENTS TO COUNT**

## **8. SEPARATION OF TIES**

Should you lose your clipper card during a lap, at any stage during the event, the lap concerned will be considered null & void.

**12. EXCLUSIONS**

When a competitor has, with the approval of the organisers, assisted with the organization / planning of the event, the penalty of exclusion will not apply. The names of the competitors who have “officially” assisted must be advised to the CofC prior to the event and reported as such.

**13. SOCIAL MEDIA**

Social media, including, but not restricted to, Facebook, Instagram, Twitter, WhatsApp etc. is a powerful and wide-reaching medium for the expression of views and opinions, and the sharing of photographs and videos. As such, competitors should be aware that their conduct on social media regarding MSA, the Championship, the Club, its drivers and sponsors should reflect the impact social media has. If a competitor is considered to have brought the Championship and/or MSA into disrepute in the opinion of the Championship Controllers, they may be subject to a penalty or disqualification from the championship. Additionally, competitors are reminded that MSA monitor social media and any remarks that are deemed to bring the sport into disrepute can lead to penalties. For clarity, it is accepted that crashes are an inevitable feature of motor-racing and the posting on social media of imagery containing a crash does not bring motorsport into disrepute, but competitors are reminded that careless associated comments may do.
