FIM MXGP/MX2/ Women's/Junior Motocross World Championships & FIM 65cc Junior Motocross World Cup

2021 Calendar Update, 10 February

The FIM and Infront Moto Racing would like to confirm the following updates to the provisional 2021 FIM Motocross World Championship calendar.

Due to the current situation Worldwide in regard to the ongoing Coronavirus disease (COVID-19) pandemic, the racing calendar will see the FIM Motocross World Championship kick start later than originally planned, with the first Grand Prix now scheduled for 23rd May in Oss with the MXGP of the Netherlands.

While we had originally planned to begin the year with the MXGP of Oman on 3rd April, the Omani Grand Prix has been postponed to 2022, while the MXGP of Italy, MXGP of Portugal and the MXGP of Germany will be moved from April/May to October.

Other changes include two new venues that will host the two Indonesian rounds. The MXGP of Asia will head to the picturesque Borobudur on 4th July, while the MXGP of Indonesia will take place in Bali on 11th July.

Furthermore, the MXGP of China has been re-scheduled from 19th September to 7th November, with a venue to be announced as well as the MXGP of Argentina set to be held on 21st November on an exciting new track to be announced.

The goal for the 2021 season is to finally welcome back spectators and to be able to do so in a safe and responsible way, with certain changes having to be made following the current evolution of the pandemic.

While several MXGP have moved around, other events including the **FIM SNX World Championship**, scheduled on 9th / 10th April in Rovaniemi in Finland, along with the **FIM Junior Motocross World Championship** to be held on 31st July / 1st August in Megalopolis in Greece will all go ahead as planned.

Additionally, we are excited to welcome back the highly anticipated **Monster Energy FIM Motocross of Nations** in 2021, with the highly celebrated event taking place on 26th September. While originally the best off road event of the season was due to be held in Imola, the Italian venue will not host the MXoN this year, with a new location to be announced shortly.

We thank you all for your continued support and understand, as we remain committed to bringing you another wonderful season of racing!

About the FIM (www.fim-live.com)

The FIM (Fédération Internationale de Motocyclisme) founded in 1904, is the governing body for motorcycle sport and the global advocate for motorcycling. The FIM is an independent association formed by 115 National Federations throughout the world. It is recognised as the sole competent authority in motorcycle sport by the International Olympic Committee (IOC). Among its 50 FIM World Championships the main events are MotoGP, Superbike, Endurance, Motocross, Supercross, Trial, Enduro, Cross-Country Rallies and Speedway. Furthermore, the FIM is also active and involved in the following areas: public affairs, road safety, touring and protection of the environment. The FIM was the first international sports federation to impose an Environmental Code in 1994.
