FIM Cross-Country Rallies World Championships

Rally Kazakhstan cancelled

Due to the ongoing Coronavirus disease (COVID-19) pandemic in Kazakhstan and Worldwide, the Automotosport Federation of the Republic for Kazakhstan and the FIM regret to announce that they have had to make difficult decision to cancel Rally Kazakhstan in 2020 rescheduled to 14 to 20 September. The Rally Organising Committee had great hopes of a speedy improvement in the global situation, with the relaxation of the imposed quarantine and other various restrictions in connection with the pandemic.

However, with a heavy heart and in accordance with government advice, the organisers have had no choice but to cancel the event in order to ensure their main priority, which as always is the health and safety of all participants, officials, volunteers and fans.

As a consequence, the final classification of the FIM Cross-Country Rallies World Championship and World Cups will be established on the basis of the 2020 revised FIM calendar:
