FIM MXGP/MX2/ Women's Motocross World Championships

2021 Calendar UPDATE, 27 July (changes in bold)

The FIM and Infront Moto Racing are delighted to reveal that this season, the FIM Motocross World Championship will see two Grand Prix's taking place in Turkey, with the MXGP of Turkey and MXGP of Afyon.

Afyonkarahisar is still quite new to the MXGP calendar, having hosted just two GP's in 2018 and 2019, with past winners including the likes of Thomas Covington, Jorge Prado and Jeffrey Herlings who won at this venue on both occasions in MXGP.

During the COVID-19 pandemic, Turkey has successfully managed and kept the virus under control with its strong health system and therefore it has been decided to hold one more round of MXGP in Afyonkarahisar, the City of Sports.

This year's Turkish Grand Prix will host the first double-header of 2021 under the auspices of the Presidency of the Republic of Turkey. The MXGP of Turkey will go ahead as originally planned on the 4th/ 5th of September, while the second event, the MXGP of Afyon will take place mid-week on the following Tuesday and Wednesday, the 7th/ 8th of September to replace the MXGP of Sweden that was postponed previously to 2022.

Along with the MXGP and MX2 races, the Turkish double-header will also see rounds of the FIM Women's Motocross World Championship and the EMXOpen and EMX2t Presented by FMF Racing.

About the FIM (www.fim-moto.com)

The FIM (Fédération Internationale de Motocyclisme) founded in 1904, is the governing body for motorcycle sport and the global advocate for motorcycling. The FIM is an independent association formed by 115 National Federations throughout the world. It is recognised as the sole competent authority in motorcycle sport by the International Olympic Committee (IOC). Among its 50 FIM World Championships the main events are MotoGP, Superbike, Endurance, Motocross, Trial, Enduro, Cross-Country Rallies and Speedway. Furthermore, the FIM is also active and involved in the following areas: public affairs, road safety, touring and protection of the environment. The FIM was the first international sports federation to impose an Environmental Code in 1994.
