FIM MXGP/MX2/ Women's World Championships

2023 Provisional Calendars, 11 October

The FIM and Infront Moto Racing are delighted to share the provisional 2023 FIM Motocross World Championship calendar featuring some new and exciting locations!

21 events are planned in 2023, including the Monster Energy FIM Motocross of Nations which is set to take place in Ernée, France, on 22nd October. Additional events, such as the FIM Junior Motocross World Championship will head to Romania on the 9th July, while the MXoEN will be held on 8th October with a TBA venue.

The FIM Motocross World Championship is set to kick off on the 12th March at the MXGP of Patagonia Argentina in the stunning Villa la Angostura, followed by two events in locations to be confirmed on the 26th March and then 8th and 10th April.

Grand Prix are set to take place in Trentino, Portugal and Spain, before MXGP will return to Villars sous Ecot for the MXGP of France. Then MXGP of Latvia and the Liqui Moly MXGP of Germany are scheduled in early June and will round out the first half of the season in Europe before the trip to Asia for the Indonesian double header in Sumbawa and a new location Lombok.

Czech Republic, Flanders (Belgium), Finland and Sweden will see the action return to Europe, before we see the much-anticipated return of the MXGP of the Netherlands at a track that is not new for the MXGP Paddock as the Dutch GP will be held at the popular Arnhem on the 20th August!

And to finish off the season, Turkiye will once again host MXGP in Afyonkarahisar before the series will make its very first trip to a brand-new venue in Thanh Hoa for the MXGP of Vietnam. A TBA event will follow in early October before the Championship is set to conclude at the MXGP of Great Britain in Matterley Basin for the 2023 Grand Finale.

Infront Moto Racing is delighted to see the series grow and travel to new venues as well as see the return of old favourites and would like to thank the FIM, FIM-Europe, the organisers and Federations along with teams, partners and all stakeholders for their cooperation to complete this MXGP calendar that will see 20 rounds of the FIM Motocross World Championship in 2023.

About the FIM (www.fim-moto.com)

The FIM (Fédération Internationale de Motocyclisme) founded in 1904, is the governing body for motorcycle sport and the global advocate for motorcycling. The FIM is an independent association formed by 116 National Federations throughout the world. It is recognised as the sole competent authority in motorcycle sport by the International Olympic Committee (IOC). Among its 50 FIM World Championships the main events are MotoGP, Superbike, Endurance, Motocross, Supercross, Trial, Enduro, Cross-Country, Speedway and E-bikes. Furthermore, the FIM is also active and involved in the following areas: public affairs, road safety, touring and protection of the environment. The FIM was the first international sports federation to impose an Environmental Code in 1994.
