FIM Sidecar World Championship

2020 Calendar, UPDATE 07 APRIL

With the ongoing impact internationally due to the Coronavirus disease (COVID-19) pandemic, the FIM and RKB-F1/Santander Salt Ltd organisational team are working determinedly behind the scenes in order to do their absolute best to deliver the promised new-look FIM Sidecar World Championship.

Due to the current situation, the 2020 calendar has to be revised taking into account that any races rescheduled later in the year will seriously compress all the dates, and place enormous pressure on the teams and organisers. For this reason, and with the support of the Dutch Motorcycling Federation (KMNv), a decision has been made to cancel the event originally set to take place on 17-20 September in Assen, the Netherlands. This means that the list of scheduled rounds has now been reduced to seven.

As the situation relating to the Coronavirus disease (COVID-19) pandemic remains in a state of constant evolution, we will continue to monitor and communicate in a timely manner if further schedule changes are required.

Revised dates are as follows:

DATE	VENUE	COUNTRY	FMN
27-28 June	Pannoniaring	Hungary	MAMS
25-26 July	Brands Hatch	Great Britain	ACU
29-30 August	Le Mans	France	FFM
04-06 September	Rijeka	Croatia	HMS
03-04 October	Oschersleben	Germany	DMSB
17-18 October	Lausitzring	Germany	DMSB
24-25 October	Estoril	Portugal	FMP

About the FIM (www.fim-live.com)

The FIM (Fédération Internationale de Motocyclisme) founded in 1904, is the governing body for motorcycle sport and the global advocate for motorcycling. The FIM is an independent association formed by 111 National Federations throughout the world. It is recognised as the sole competent authority in motorcycle sport by the International Olympic Committee (IOC). Among its 50 FIM World Championships the main events are MotoGP, Superbike, Endurance, Motocross, Supercross, Trial, Enduro, Cross-Country Rallies and Speedway. Furthermore, the FIM is also active and involved in the following areas: public affairs, road safety, touring and protection of the environment. The FIM was the first international sports federation to impose an Environmental Code in 1994.
