FIM SuperEnduro World Championships

2020 Calendar UPDATE 17 MARCH

SuperEnduro in Poland cancelled, 2020 season over

As the global outbreak of coronavirus continues to develop and restrictions are put in place, the FIM, the promoter ABC Communications and the Polish Federation (PZM) regret to announce that it will not be possible to find an alternative date for the final event originally planned to take place in Łódź, Poland, therefore this will bring the 2020 FIM SuperEnduro Championship to a premature end.

As a result, the championship is declared completed at the end of Final 4 held in Budapest on 1st February, with Billy BOLT (GBR - Husqvarna) in the Prestige Class and Teodor KABAKCHIEV (BUL - KTM) - Junior declared as 2020 FIM World Champions.

All parties are pleased to announce that the Polish event in Łódź has already been rescheduled on 12th December as the opening round of the 2021 FIM SuperEnduro World Championship.
