MSA GENERAL CIRCULAR 2 OF 2022

Affected parties are hereby advised of the following amendment, with immediate effect, of GCR 230:

230. MINIMUM NUMBER OF STARTERS

The minimum number of starters for a South African **National** Championship event or race, is set out in the SSRs for each individual championship category **but may not conflict with MSA's general policy outlined below.**

MSA's general policy is that national champions will only be declared where a listed national championship class/category (depending on how the regulations are written) has managed to attain an average of six (6) starters across the season. In the event of the calculation of averages resulting in fractions, normal mathematical principles shall be applied. For example, an average of 5.5 will be rounded up and an average of 5.4 will be rounded down. No deviations from this policy will be permitted, except where a category/class requires higher starter numbers as outlined in the applicable regulations.

To be classified as a starter, a competitor must participate in at least one of the official practice sessions listed in the supplementary regulations for the event, and/or participate in the race/event itself (refer GCR 266).
