Q25 What do you believe should be done to create greater awareness and promote motorcycling throughout Africa?

1. Government involvement in promoting Motorcycling competitions at amateur level. 2. Corporate sponsorship 3. Increasing the fan base especially by making it an inclusive sport - starting competitions in non-traditional models of motorcycling. Engaging in Corporate Social Responsibility activities.

Q26 What do you consider to be the biggest threats/obstacles for motorcycling on the Continent and Worldwide?

The cost and difficulties of travelling across borders. 2. The non-inclusiveness of the sport in some countries. 3. The costs of competing. 4. Non-involvement of the political and community leaders - they dont know about the sport.

Q27 What do you believe can and should be done to ensure that there is commitment and involvement in all spheres of motorcycling? (i.e. competitors, officials, administrators, leisure riders, etc.)

Moving towards professionalism where participants - officials, riders are paid, even if a token. 2. Promoting motorcycling as a family and affordable sport.

Q28 How do you believe we can encourage the promotion of Motorcycling on the Continent:

In Uganda, for example, we have a lot of media coverage. Doing school out reaches and educating the public about the safety precautions undertaken during our sports and training events so that they stop regarding it as a very dangerous sport.
