## **USE OF GPS COORDINATES ON CAPITAL PROJECTS**

- Municipalities are not populating the GPS Coordinates in the IDP/Planning and Budgeting stage for their projects
- PRTA, PROR, PRAD Data Strings must be populated including GPS Coordinates as well as asset register

## **Benefits of Using GPS Coordinates**

- Identification of location of tangible assets
- · Aids in maintenance and replacement of assets e.g. water, sewer, electricity etc
- · It enhance revenue collection
- · Assisting in the location of assets during the audit process

## Municipalities must:

Ensure that all projects and Infrastructure assets have GPS Coordinates
