

7. Student and Young Professionals Support

Role:

A primary focus of this portfolio in the Gauteng Branch is to promote student and young professionals' interaction. The aim of this is to contribute towards professional training and readiness for the future Practitioners in the industry.

Duties:

Student Branch Establishment

- Student membership retention
- Promote engagement and social interaction
- Drive awareness through applicable challenges
- Spark interest by presenting content applicable to the youth

Holding student-based events

- Coordination and management of events
- Stakeholder liaison

Young professionals' development

- Engagement with industry experts for potential involvement in the ISMP
- Sharing of professional recommendations
- Offer young professionals material for development
- Organize and host social activities

Reporting

- Student needs analysis
- Student trends and professional requirements
- Equipping the youth to be better experts and further bridging the gap from formal training to being in the workplace.

Industry

- Engage with companies with limited graduate intake capacity.
